

# RENTAL SOLUTIONS

## WE BRING BIG POWER

Stewart & Stevenson serves business and industry with rental generators, air compressors, forklifts and refrigerated trailers. Dedicated technicians provide turnkey rental service that includes delivery, set-up, maintenance and removal, along with 24/7 service support.

### RENTAL GENERATORS

Stewart & Stevenson's rental generators range from 100-2000 kW, making them ideal for standby and/or prime power applications, including new construction, municipal, disaster relief, and hospital applications.

- Single or parallel, skid-mounted or trailer-mounted, sound attenuated
- 50 Hz or 60 Hz operation capability, single-phase or three-phase voltages
- Double-walled fuel tank with 24-hour onboard fuel capacity, 1000 kW and below
- 3-way fuel valve to easily connect external fuel source for extended run on select units
- Customer convenient cable connections
- Hi/Lo voltage switchover on select units below 1000 kW
- Auto start operation available on all units

### RENTAL AIR COMPRESSORS

Stewart & Stevenson's rental air compressor units serve industrial, oil and gas, petrochemical and medical industries.

- Electric, oil free and diesel, in portable and stationary units offering from 400 cfm to 1800 cfm
- Aftercoolers (5 to 20°F approach) that remove 65 to 70% of the moisture from the compressed air
- Refrigerated and desiccant air dryers that provide from 10 cfm to 20,000 cfm (+38 to -100°F dew point)
- Compressed air filters that supply instrument quality air

## RENTAL FORKLIFTS

Stewart & Stevenson's large fleet of rental forklifts fulfill material handling operations on the oil rig platform, on the loading dock, on the assembly line, at the cotton gin, on the construction site and in the warehouse. Our rental experts are always available to assist clients in their selection of lift truck with the features, benefits and specifications that perfectly match their application. Our rental fleet includes:

- Rental units offering 10,000 to 55,000 lb lift capacities
- S&S branded Tier 4 Final diesel lift trucks offering 17,500 to 36,000 lb lift capacities
- LPG and diesel fuel choices

## REFRIGERATED TRAILERS

Power Rental offers multi-temperature Thermo King trailers, in sizes from 28' to 53', for stationary or on the road use. These units are ideal for food distributors, retailers, grocery and drug store chains, big box stores, florists, emergency services, weather events and more.

Our rental units feature multi-temperature systems, allowing temperature management of up to 3 zones.
