**RENTAL**

All equipment is available for rental—call **866.782.8660** to learn more and check availability.

**CONTINGENCY PLAN**

We provide contingency rental plans to ensure your business has critical equipment readily available whenever it is needed most.

**SERVICE**

Keeping your Atlas Copco equipment running is our top priority. Our expert service teams provide comprehensive maintenance, genuine parts, and proactive support tailored to your operations.

Atlas Copco is available at these locations:

**DEVELON**

Powerful, reliable construction equipment built for any size job.

Loaders, mini excavators, dozers, and more are engineered with advanced technology, operator-focused design, and unmatched durability.

With cutting-edge features, intelligent machine control, fuel-efficient engines, and rugged components, DEVELON equipment is built to last.

**Crawler Excavators** DX140, DX170, DX180, DX200, DX225, DX235, DX255, DX300, DX350, DX420, DX490, DX530, DX800, DX1000

**Material Handlers** DX225MH, DX300MH

**Dozers** DD10, DD130

**Mini Excavators** DX17Z, DX27Z, DX35Z, DX42, DX50Z, DX55R, DX62R, DX63, DX89R

**Track Loader** DTL35

**Wheel Excavators** DX100W, DX140W, DX190W, DX210W

**Articulated Dump Trucks** DA30, DA45

**Wheels Loaders** DL200, DL220, DL250, DL280, DL320, DL380, DL420, DL480, DL550, DL580

DEVELON is available at these locations:

**TEREX** **RT**

Engineered to deliver dependable lifting performance in the most demanding job site conditions.

With excellent maneuverability, class-leading boom reach, and intuitive controls, Terex Rough Terrain Cranes and Franna Cranes offer the strength and stability needed for heavy lifts across construction, energy, and industrial applications.
